Subject: APS rate increase E-01345A-16-0036
E-01345A-16-0123

Mr. Little,

In regards to the pending request by APS for a "Demand Based Rate Plan" or a rate increase, I ask that you DENY either of these requests.

The current electric rates are sufficient at this time.

Regards,

Terrence Arnold

Subject: Say "NO" to unpredictable APS electric costs E-01345A-16-0036
E-01345A-16-0123

Dec 26, 2016

Arizona Corporation Commission Chairman Doug Little
1200 W. Washington
Phoenix, AZ 85007

Dear Arizona Corporation Commission Chairman Little,

My APS electric bills are already high enough!

Please say NO to APS' request to increase the monthly fixed charge and to raise many electric bills. Say "NO" to APS imposing on many a new mandatory "demand charge" making electric bills less predictable and more difficult to control.

There was no Social Security COLA in 2016. Prescriptions and medical costs keep going up. Why should APS get a bigger increase than we do on Social Security?

I should be able to predict and control the cost of my monthly electric bill. Please do not allow APS to impose mandatory "demand charges" making many electric bills harder to predict and control.

I should pay fair electric rates and not a penny more. It is only fair that I should be able to predict and control the cost of my monthly electric bill.

I look forward to your action.

Thank you.

Sincerely,

Mr. Jeffrey Fierstein

Mr. Little:

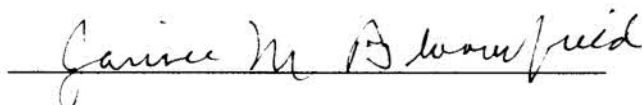

As an APS ratepayer and Sun City resident, I strongly object to the APS recommendation for Mandatory Demand Charges.

With this mandatory demand charge, it could produce radically different charges every month. All of a sudden we would have spiked our kilowatt usage way up from what it normally is for a short period of time, but yet we are going to get stuck with a larger bill for that. I don't think that's right.

Residential demand charges are currently available as a choice; they should not be mandatory.

Please vote against Mandatory Demand Charges.
